This argument is countered</p>	<p>by pointing out that the Sami culture was nomadic and non-literary, and as such would not be expected to leave written sources. In recent years, the number of archaeological finds that are interpreted as indicating a Sami presence in Southern Norway in the Middle Ages, has increased. These includes foundations in Lesja, in Vang in Valdres and in Hol and Ål in Hallingdal. Proponents of the Sami interpretations of these finds assume a mixed populations of Norse and Sami people in the mountainous areas of Southern Norway in the Middle Ages. Up to around 1500 the Sami were mainly fishermen and trappers, usually in a combination, leading a nomadic lifestyle decided by the migrations of the reindeer.</p>

Er warf sich auf sein Bett und nahm vom Waschtisch einen schönen Apfel, den er sich gestern abend für das Frühstück vorbereitet hatte. Jetzt war er sein einziges Frühstück und jedenfalls, wie er sich beim ersten großen Bissen versicherte, viel besser, als das Frühstück aus dem schmutzigen Nachtcafé gewesen wäre, das er durch die Gnade der Wächter hätte bekommen können. Er fühlte sich wohl und zuversichtlich, in der Bank versäumte er zwar heute vormittag seinen Dienst, aber das war bei der verhältnismäßig hohen Stellung, die er dort einnahm, leicht entschuldigt. Sollte er die wirkliche Entschuldigung anführen? Er gedachte es zu tun, Würde man ihm nicht glauben, was in diesem Fall begreiflich war,

Ma mère, quand il fut question d'avoir pour la première fois M. de Norpois à dîner, ayant exprimé le regret que le Professeur Cottard fût en voyage et qu'elle-même eût entièrement cessé de fréquenter Swann, car l'un et l'autre eussent sans doute intéressé l'ancien Ambassadeur, mon père répondit qu'un convive éminent, un savant illustre, comme Cottard, ne pouvait jamais mal faire dans un dîner, mais que Swann, avec son ostentation, avec sa manière de crier sur les toits ses moindres relations, était un vulgaire esbrouffeur que le Marquis de Norpois eût sans doute trouvé selon son expression, «puant». Or cette réponse de mon père demande quelques mots d'explication, certaines personnes se

Dersom der ingen evig Bevidsthed var i et Menneske, dersom der til Grund for Alt kun laae en vildt gjærende Magt, der vridende sig i dunkle Lidenskaber frembragte Alt, hvad der var stort og hvad der var ubetydeligt, dersom en bundløs Tomhed, aldrig mættet, skjulte sig under Alt, hvad var da Livet Andet end Fortvivlelse? Dersom det forholdt sig saaledes, dersom der intet helligt Baand var, der sammenknyttede Menneskeheden, dersom den ene Slægt stod op efter den anden som Løvet i Skoven, dersom den ene Slægt afløste den anden som Fuglesangen i Skoven, dersom Slægten gik gennem Verden, som Skibet gaaer gennem Havet, som Veiret gennem Ørkenen, en tankeløs og ufrugtbar Gjærning

Muchos años después, frente al pelotón de fusilamiento, el coronel Aureliano Buendía había de recordar aquella tarde remota en que su padre lo llevó a conocer el hielo. Macondo era entonces una aldea de veinte casas de barro y cañabrava construidas a la orilla de un río de aguas diáfanas que se precipitaban por un lecho de piedras pulidas, blancas y enormes como huevos prehistóricos. El mundo era tan reciente, que muchas cosas carecían de nombre, y para mencionarlas había que señalarlas con el dedo. Todos los años, por el mes de marzo, una familia de gitanos desarrapados plantaba su carpa cerca de la aldea, y con un grande alboroto de pitos y timbales daban a conocer los nuevos inventos. Primero

Pocítil tehdy nevysvětlitelnou lásku k té téměř neznámé dívce; zdálo se mu, že je to dítě, které někdo položil do ošatky vytřené smolou a poslal po vodě řeky, aby ji Tomáš vylovil na břeh své postele. Zůstala u něho týden, než se uzdravila, a pak zase odjela do svého města vzdáleného dvě stě kilometrů od Prahy. A tehdy přišla ta chvíle, o které jsem mluvil a která mi připadá jako klíč k jeho životu: stojí u okna, dívá se do dvora na zdi protějščí čínžáků a přemýšlí: Má ji pozvat do Prahy natrvalo? Báł se té odpovědnosti. Kdyby ji teď k sobě pozval, přijela by za ním, aby mu nabídla celý svůj život. Anebo se jí už nemá hlásit? To by znamenalo, že Tereza zůstane servírkou v restauraci jednoho zapadlého města a on jí už

Сам Кречмар не только не был Магде противен — он даже нравился ей. У него была мягкая, благородная наружность, от него веяло душистым тальком и хорошим табаком. Разумеется, густое счастье её первой любви было неповторимо. Она запрещала себе вспоминать Мюллера, меловую бледность его щёк, горячий мясистый рот, длинные, всепонимающие руки. Когда она всё-таки вспоминала, как он покинул её, ей сразу опять хотелось выпрыгнуть из окна или открыть газовый кран. Кречмар мог до некоторой степени успокоить её, утолить жар, — как те прохладные листья подорожника, которые так приятно прикладывать к воспалённому месту. А кроме всего

У него была мягкая, благородная наружность, от него веяло душистым тальком и хорошим табаком. Разумеется, густое счастье её первой любви было неповторимо. Она запрещала себе вспоминать Мюллера, меловую бледность его щёк, горячий мясистый рот, длинные, всепонимающие руки. Когда она всё-таки вспоминала, как он покинул её, ей сразу опять хотелось выпрыгнуть из окна или открыть газовый кран. Кречмар мог до некоторой степени успокоить её, утолить жар, — как те прохладные листья подорожника, которые так приятно прикладывать к воспалённому месту. А кроме</p>

Er warf sich auf sein Bett und nahm vom Waschtisch einen schönen Apfel, den er sich gestern abend für das Frühstück vorbereitet hatte. Jetzt war er sein einziges Frühstück und jedenfalls, wie er sich beim ersten großen Bissen versicherte, viel besser, als das Frühstück aus dem schmutzigen Nachtcafé gewesen wäre, das er durch die Gnade der Wächter hätte bekommen können. Er fühlte sich wohl und zuversichtlich, in der Bank versäumte er zwar heute vormittag seinen Dienst, aber das war bei der verhältnismäßig hohen Stellung, die er dort einnahm, leicht entschuldigt. Sollte er die wirkliche Entschuldigung anführen? Er gedachte es zu tun, Würde man ihm nicht

Ma mère, quand il fut question d'avoir pour la première fois M. de Norpois à dîner, ayant exprimé le regret que le Professeur Cottard fût en voyage et qu'elle-même eût entièrement cessé de fréquenter Swann, car l'un et l'autre eussent sans doute intéressé l'ancien Ambassadeur, mon père répondit qu'un convive éminent, un savant illustre, comme Cottard, ne pouvait jamais mal faire dans un dîner, mais que Swann, avec son ostentation, avec sa manière de crier sur les toits ses moindres relations, était un vulgaire esbrouffeur que le Marquis de Norpois eût sans doute trouvé selon son expression, «puant». Or cette réponse de mon père demande quelques mots d'expli-

Dersom der ingen evig Bevidsthed var i et Menneske, dersom der til Grund for Alt kun laae en vildt gjærende Magt, der vridende sig i dunkle Lidenskaber frembragte Alt, hvad der var stort og hvad der var ubetydeligt, dersom en bundløs Tomhed, aldrig mættet, skjulte sig under Alt, hvad var da Livet Andet end Fortvivlelse? Dersom det forholdt sig saaledes, dersom der intet helligt Baand var, der sammenknyttede Menneskeheden, dersom den ene Slægt stod op efter den anden som Løvet i Skoven, dersom den ene Slægt afløste den anden som Fuglesangen i Skoven, dersom Slægten gik gennem Verden, som Skibet gaaer gennem Havet, som Veiret gennem

Muchos años después, frente al pelotón de fusilamiento, el coronel Aureliano Buendía había de recordar aquella tarde remota en que su padre lo llevó a conocer el hielo. Macondo era entonces una aldea de veinte casas de barro y cañabrava construidas a la orilla de un río de aguas diáfanas que se precipitaban por un lecho de piedras pulidas, blancas y enormes como huevos prehistóricos. El mundo era tan reciente, que muchas cosas carecían de nombre, y para mencionarlas había que señalarlas con el dedo. Todos los años, por el mes de marzo, una familia de gitanos desarrapados plantaba su carpa cerca de la aldea, y con un grande alboroto de pitos y timbales da-

Pocítil tehdy nevysvětlitelnou lásku k té téměř neznámé dívce; zdálo se mu, že je to dítě, které někdo položil do ošatky vytřené smolou a poslal po vodě řeky, aby ji Tomáš vylovil na břeh své postele. Zůstala u něho týden, než se uzdravila, a pak zase odjela do svého města vzdáleného dvě stě kilometrů od Prahy. A tehdy přišla ta chvíle, o které jsem mluvil a která mi připadá jako klíč k jeho životu: stojí u okna, dívá se do dvora na zdi protějščíh činžáků a přemýšlí: Má ji pozvat do Prahy natrvalo? Báí se té odpovědnosti. Kdyby ji teď k sobě pozval, přijela by za ním, aby mu nabídla celý svůj život. Anebo se jí už nemá hlásit? To by znamenalo, že Tereza zůstane servírkou v
